

HAMNER AVENUE BRIDGE & WIDENING PROJECT

Construction Update: Week of March 1, 2021

Work continues on rebar cages for column supports in the Santa Ana River riverbed. Materials and heavy equipment deliveries to the job site continue. Please travel through the construction zone with caution.

Check out this video on the website, HamnerAveProject.com, for additional project information.

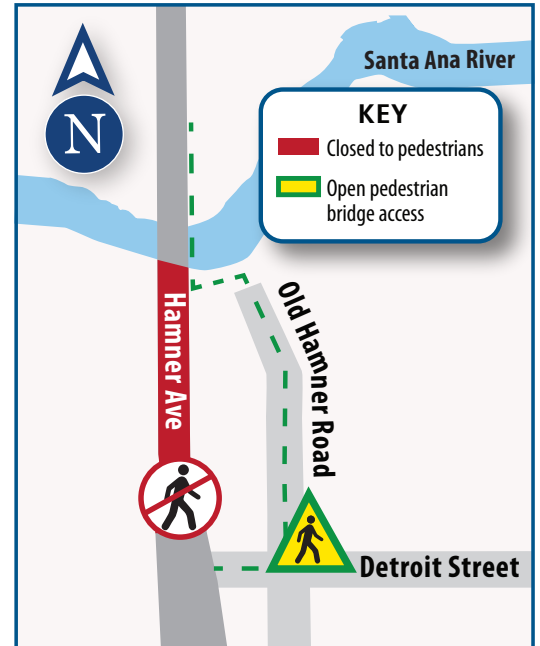

Reminder

Additional utility and City of Norco projects are under construction within the Hamner Avenue Bridge and Widening construction zone and may require lane closures with traffic control.

Please follow posted signage and call 951-270-5678 with questions.

Pedestrians, equestrians and cyclists are not permitted in the construction area, including the construction area in the Santa Ana River riverbed. Please use Old Hamner Road to access the pedestrian path across the bridge.
