

CONSTRUCTION UPDATE: April 18, 2022

Progress continues on the western span of the new bridge.
Saturday work is expected through April.

Construction Update

Contractors are scheduled to place concrete on the next portion of the bridge support system on Tuesday, April 19. Crews will then begin the process of forming, placing concrete, and completing the next segments of the western span bridge structure until it's complete, which is expected in Fall 2022.

Traffic flagging at Hamner Avenue and Citrus Street is expected.

- Construction on ADA compliant sidewalk ramps begins at Alhambra Street.
- Work is planned to complete the Norco monument sign on Hamner Avenue near Alhambra Street.
- Steel work and construction on the western span of the bridge deck continues.
- Utility work continues throughout the project area.
- Roadway excavation and curb and gutter work related to the block retaining wall installation is planned on Hamner Avenue near Citrus.
